DO YOU WANT TO MAKE MORE MONEY? ARE YOU WORRYING OVER THE HIGH COST OF LIVING?

Did you ever stop to think that by increasing your efficiency along the lines you are interested, you thereby increase your earning power, which is the sure solution of your problem?

As a representative of the largest organization of this kind in this country. I have been et in touch with office men and women who are willing to undertake some preparatory to qualify for executive, cost or public accounting work offering \$3,000 TO \$15,000 A YEAR

Hundreds of attractive positions must continue to remain open with Government, large Business Houses and Corporations with which we are in touch and with whom we have placed hundreds of successful students, through our Placement Bureau, until applicants, either with or without bookkeeping experience can be specially trained.

WHAT PROMINENT BUSINESS MEN OF AMERICA THINK OF LaSALLE TRAINING

"If a man should tell me that he has had twenty years of experience as a bookkeeper, I might regard his experience as a liability rather than an asset.

"A man's knowledge of other men's experience may be just as important or more important than his own limited personal experience."

"For that reason, your business-training plah, based upon an analysis of facts and present-day experience, and accompanied by actual training in the executive processes through your practical problems, is a sound and logical method of adding to the equipments of men who are capable of higher executive work."—

N. A. HAWKINS, C. P. A., SALES MANAGER, FORD MOTOR COMPANY.

"Everything that occurs in business is governed by laws or principles, and an institution equipped to find these principles and pass them along is rendering a distinct service.

"If any word of mine will cause even one youing man to see the value of capitalizing the experience of others, I am always glad to speak it."—J. OGDEN ARMOUR.

354 Lasalle trained men are doing their own thinking in the ARMOUR plants today. THE STAND-ARD OIL CO. employs 390 men who are increasing their earning power through Lasalle help. There are 2,102 Lasalle trained men in the PENNSYLVANIA RAILROAD employ—309 in the UNITED STATES STEEL CORPORATION. In big corporations and small institutions—villages and cities—all over America, men are turning ambition into money by utilizing the short cuts which Lasalle training offers.
